

Bidi Layout Considered Harmful

A Heartfelt Rant
by
Shachar Shemesh

A Few Pointers

- 🐧 MSDN article explaining the feature - [link](#).
- 🐧 Michael Kaplan (a Microsoft employee) blog about the feature – [link](#).

Recent Support in Wine for Process Layout

- 🐧 DC layout – reversal of bitmaps, coordinates and default orientation of child windows for right to left (RTL) based languages.
- 🐧 Process default layout – the default layout of all newly created DCs and Windows.

Why do I Rant?

100% of this rant is directed at Microsoft
Once Microsoft defined this Fug, Wine has to
implement it.

Thanks are Due
